Who We Are

**and why you should look for us**

The National Scholarships & Fellowships Program provides advising and assistance to current Emory University students and recent grads who wish to apply for nationally competitive awards. We help students clarify their goals and aspirations, identify awards of interest, draft and revise written application materials, and prepare for finalist interviews.

Some of the more familiar nationally competitive awards are the Rhodes, Fulbright, Marshall, Goldwater, Truman, Udall, and Gates Cambridge. Nationally competitive awards provide varied opportunities for academically outstanding, engaged students to study and/or do research abroad after graduation, to pursue graduate degrees in prestigious UK universities, to live and work in Asia, to work as research associates for the Carnegie Endowment for International Peace, and more.
