Saturday, August 22
Orientation for all incoming students starts on Saturday, August 22. These sessions will help you meet other students, continue to familiarize yourself with campus, and prepare for classes to begin. There will be a printed schedule, but you can also download the schedule on your smartphone or tablet through the Guidebook app. This mobile app is free to download and is available on nearly any smartphone or tablet. Find our Orientation guide by searching for “2015 ECAS New Student Orientation and Weeks of Welcome” in the Guidebook app.

Sustainability
To help Emory meet its 65 percent landfill waste diversion goal, many Orientation events are zero landfill waste, which means that all materials from the event either can be recycled or composted. No trash cans are needed.

What can be recycled and composted at Emory?
Recycle: White paper, mixed paper, aluminum, all plastics, steel and tin, cardboard, glass, snack wrapper/sachet waste (e.g., chip bags, Ziploc bags, candy wrappers). NOTE: Special recycling locations for ink cartridges, batteries, and light bulbs are available on campus.

Compost: All food (including meat, bones, dairy), soiled paper products (e.g., napkins, paper plates), items labeled ‘compostable’ (e.g., to-go containers at Cox Hall).

Visit sustainability.emory.edu for more information.

Media Disclaimer
Video recordings, audio recordings, photographs, and other media (“the recordings”) will be captured during the course of Orientation. Emory College of Arts and Sciences maintains the right to use the recordings captured in connection with any publication or material relating to or serving the mission and goals of Emory University or Emory College of Arts and Sciences, including advertisements, brochures, or other promotional materials. If you do not wish any recording containing your likeness to be used in our materials, please speak to a member of the Orientation team or email us at ec.orientation@emory.edu.
