Welcome to Emory College of Arts and Sciences and to Orientation 2015

ON BEHALF OF THE ENTIRE EMORY COMMUNITY,

I bid you welcome and encourage you to take part in the great variety of activities offered by your university. I hope you will search out possibilities that capture your imagination and widen your intellectual and cultural horizons.

Orientation introduces you to many new choices and areas of participation, both curricular and co-curricular. Countless people across the university have worked together to plan your orientation. Enjoy becoming acquainted with all that Emory has to offer. Look forward to sampling activities that will deepen already discovered interests and ignite enthusiasm in new ventures.

Emory has an exhilarating spirit of inquiry that counts on your joining in, a spirit that helps open up unexplored vistas of the heart and mind, and strengthens us in the practice of diverse and healthy community life and service. I am delighted that you chose Emory as your destination. May both you and the university be wiser and stronger for your presence among us.

James W. Wagner
PRESIDENT
EMORY UNIVERSITY
Congratulations on joining a vibrant and diverse community of committed faculty and accomplished students.

IT IS A GREAT JOY TO WELCOME YOU TO EMORY COLLEGE OF ARTS AND SCIENCES. We hope that you will find the next few years to be a time of thrilling intellectual adventure and personal growth. You are joining a vibrant and diverse community, including faculty who are prominent scholars and dedicated teachers and mentors, and a student body consisting of the most gifted, talented, and interesting young men and women from around the world. You no doubt will find your interactions with these remarkable professors and fellow students to be among your most rewarding experiences as an Emory student.

At the core of your Emory experience will be your academic work, and our wide range of programming will allow you both to deeply pursue your intellectual passions and broaden yourself by exploring new and challenging vistas. Please remember that we invited you to join us as much because of what you can add to Emory as for what you can take away; therefore, find ways to be an active and engaged member of our community, inside and outside the classroom—in the arts, athletics, community service, internships, and research opportunities. These activities will enhance your learning, your Emory experience, and ultimately help prepare you to lead a rich, full, rewarding life. We look forward to getting to know you and sharing in your journey.

With best wishes,

Robin Forman
DEAN, EMORY COLLEGE OF ARTS AND SCIENCES
WELCOME TO YOUR EMORY UNIVERSITY COMMUNITY!

As a residential liberal arts research university, Emory will challenge and support you in “living what you learn and learning what you live”—helping you to advance your education into action by blending your lessons in the classroom with your learning beyond.

Emory Campus Life is the catalyst for “advancing your education into action” through opportunities that include volunteer service and leadership roles in student-run organizations and an array of community organizations throughout Atlanta. In addition, a variety of new and existing initiatives invite your ideas, insights, and talents.

Our recently completed strategic plan outlines initiatives grounded in six values that we share as a community. We encourage you to embrace these values—Flourishing Community, Critical Inquiry, Cultural Humility, Courageous Integrity, Social Justice, and Professional Excellence—and support the plan.

We are in the planning stages for an exciting Campus Life Center that will bring fresh energy and become an innovative nexus for student engagement and collaboration. As Emory students, you can help guide the continuing development of the center.

There are many additional opportunities for you to engage. Our Emory Integrity Project, in collaboration with the Center for Ethics, will challenge each of us to examine complex issues of personal and professional integrity. This past year, we introduced residential themed housing that promotes holistic well-being. And we recently established Centro Latino, a space that serves our Latino students and is one of the many ways that Emory Campus Life supports all Emory students.

Be a catalyst for change, make this community your own, and help shape Emory as a place for open expression that challenges and embraces our polycultural differences, a place where you engage with new experiences.

We look forward to working with you as you transform your dreams into reality.

Wishing you the very best,

Ajay Nair
SENIOR VICE PRESIDENT
AND DEAN OF CAMPUS LIFE
