Comprised as a series of virtual events and online resources, ATL Bound defines the process of preparing for your transition to the Atlanta campus.

ACCESSING ATL BOUND

All events and resources are listed and available inside the ATL Bound Canvas course. All Oxford 2nd year students have already been enrolled in the course. If you do not see the ATL Bound course in your Canvas dashboard, please reach out to ec.orientation@emory.edu.

COMPLETING ATL BOUND

Ox-Learn, Ox-Plore, and Ox-Talk make up the three components of ATL Bound. As you are preparing for your transition, New Student Programs recommends you complete at least one activity from each component.

Events are labeled inside of the ATL Canvas course to help you keep track of the three components.

Please Note | Virtual ATL Bound programming through Canvas will take the place of an in-person experience in October/January.

OX-LEARN (REQUIRED)
Academic Advising sessions presented by professional staff from the three Atlanta-based undergraduate colleges, so you can learn the ins-and-outs of the academic transition.

OX-PLORE
On-Demand content provided to help you explore various campus offices and academic departments.

OX-TALK
Live Information Sessions and panels presented by Oxford Graduates for Oxford Graduates. These sessions are typically facilitated by staff members, but feature the thoughts and opinions of previous Oxford Graduates.
EMORY FORWARD

Please refer to the resources below to find relevant University operation updates.

COVID-19 ON-CAMPUS EXPECTATIONS

It's important that students and families understand that the physical Emory community will look different from what may be expected on-campus.

With increased measures around preventing the spread of the COVID-19 virus, including the use of face coverings and guidance around physical distancing it's important that students take time to review what the on-campus experience will entail. Before arriving to campus students will complete a series of tasks include completing an online ELMS (Emory Learning Management System) course and signing a Community Compact. More information will be available soon.

It will be the responsibility of every community member to hold one another accountable. Please review the expectations outlined in the Campus Health and Safety Plan available on the Emory Forward website. Students will also be mandated to complete tasks related to understanding and agreeing to these expectations before your arrival to campus.

IN THIS TOGETHER

Take a moment to review the resources below and help do your part to making Emory a healthy community for yourself and your colleagues.

PHYSICALLY DISTANT, SOCIALLY CONNECTED

Review physical distance guidelines should you choose to come to campus.

HAND-WASHING

Techniques to help you stop the spread of COVID-19.

FACE COVERINGS

An important (and required) component of your on-campus experience.
REFERENCE PAGES

LEARNING IN ATLANTA

We're excited to welcome you as you continue on your path toward an Emory degree.

The following pages review important Emory academic policies, procedures, and processes in preparation for your arrival to Atlanta.
LIBERAL ARTS EDUCATION

You have chosen to continue your undergraduate education in a place that emphasizes the liberal arts. Your final two years will allow you to build on your liberal arts foundation and apply it to any major, minor or area of concentration you choose.

Continuing as a student in Emory College of Arts and Sciences means that you can continue to take classes across the disciplines (humanities, social sciences and natural sciences) and take a deep dive into one or two areas of interest.

With more than 50 departments and programs, 86 majors, and 63 minors, our students explore widely and dive deeply in rigorous courses of study that emphasize critical thinking, the nature of evidence from multiple perspectives and the ability to effectively reason and communicate.

We encourage and expect you to ask bold questions and expand the boundaries of knowledge.

In the next page, we will dive into the departments within ECAS. If you plan to continue to the BBA or BSN program, you should review the areas of concentration and curriculum requirements.

"At Emory College, we are driven by our passions for inquiry and discovery, and I invite you to join us and experience what makes this academic community so special."

Dean Michael A. Elliott

Read more about our guiding principles and explore all that Emory College has to offer, online.
**LIBERAL ARTS EDUCATION**

At this point, if you have not already chosen a major, you should be narrowing your choices and asking if there are two areas of interest to focus your studies.

ECAS ACADEMIC REQUIREMENTS

Your Emory College of Arts and Sciences (ECAS) education continues on the foundation of the GEPs with the General Education Requirements (GERs) and fulfilling the requirements of at least one major. In your final years in the College, you will complete any remaining GERs and major or minor requirements.

Some ECAS requirements will be waived. Any remaining requirements may be completed as part of your Atlanta Residency (54 credits AFTER you earn your AA from Oxford).
If you have not completed all GERs as part of your Oxford degree, you have the rest of your ECAS career to complete the remaining GERs.

**Oxford Residency** | Oxford Graduates must complete their last fifty-four credit hours in Emory College. This policy does not apply to special nonresident departmental programs, dual degree programs, and those programs approved by the faculty and administered by the Office of International and Summer Programs.

Your ECAS residency begins AFTER you complete all of your Oxford courses and earn your AA degree.

Once you earn an AA degree, your Oxford academic records are sealed. This means that you cannot change any posted credits to your transcript (pre or during Oxford), including AP/IB or International Exam scores.

All Emory Undergraduate Students (Emory College of Arts and Sciences, Goizueta Business School, Hodgson School or Nursing) will complete General Education Requirements.

### General Education Requirements (GERs)

</table>

*Area 7 includes the Foreign Language Requirement. Students must complete two sequential HAL courses in a single foreign language. In addition to 2 HAL foreign language courses, students will need to complete either 2 additional HAP courses, HAL courses, or 1 HAP and 1 HAL.*

---

**Foreign Language Requirement**

- All Emory Undergraduate Students (Emory College of Arts and Sciences, Goizueta Business School, Hodgson School or Nursing) will complete General Education Requirements.
ACADEMIC REQUIREMENTS

DECLARING AN ECAS MAJOR: EXPLAINED

After your time at Oxford, you may already have an idea of what you would like to study (although you can still change), others are undecided, and both are completely normal. While the General Education Requirements allow you to study broadly, you will also study at least one area deeply.

As part of your degree application checklist you will be asked to submit a Declaration of Major Form (this will be available to Spring graduates during Spring 2021).

Students planning to apply to the Goizueta Business School or Nell Hodgson School of Nursing will need to consult their individual school’s requirements. You do not need to decide on a major form immediately. Nursing students cannot pursue an Emory College major unless they are participating in the Dual Degree Program.

When you’re ready to declare, these are your options:

1 MAJOR
1 MAJOR + 1 MINOR
2 MAJORS

All Emory College students must graduate with at least one major. Emory College will only recognize two of your concentrations.

That means you can either have (a) one major, (b) one major and one minor, or (c) two majors.

You can declare a major or minor as early as your last semester at Oxford College.

However, you don’t have to declare until the end of your second year. Once you declare a major, you will be assigned a faculty advisor in each department in which you declare.

This advisor(s) will replace your Oxford College Discovery Seminar Faculty Advisor (your first official advisor) as your primary advisor(s).

Refer to the College Catalog for a detailed list of Majors and Minors.

CATALOG.COLEGE.EMORY.EDU
ACADEMIC REQUIREMENTS

DIFFERENT DEGREE PATHS

While all incoming first-year students enter into Emory College of Arts and Sciences, you can pursue other or additional degree paths as an Emory University student.

DUAL DEGREE (PRE-ENGINEERING)

The Dual Degree program represents an opportunity for students to earn an Emory degree of their choice (BA, BS or BBA) and a Bachelor of Science (BS) from Georgia Tech (GT). Students must complete 100 credit hours, the GERs, an Emory College major and the GT prerequisites to be eligible to transfer to GT.

If accepted into the program, you will major in one of the following areas at GT (note each major has a different set of prerequisites):

- Aerospace Engineering (AE)
- Biomedical Engineering (BME)
- Chemical Engineering (CHE)
- Civil Engineering (CE)
- Computer Engineering (CmpE)
- Electrical Engineering (EE)
- Environmental Engineering (Env E)
- Industrial and Systems Engineering (ISyE)
- Material Sciences and Engineering (MSE)
- Mechanical Engineering (ME) • Nuclear & Radiological Engineering (NRE)

To see information on prerequisite courses, advising and majors, check out the Dual Degree website.  college.emory.edu/dual-degree/

NELL HODGSON WOODRUFF SCHOOL OF NURSING

Students interested in earning a Bachelors of Science in Nursing (BSN) may gain automatic entry into the Nell Hodgson Woodruff School of Nursing after completing a minimum of 60 credit hours, specified prerequisite courses and maintaining 3.0 cumulative/2.8 science/math GPA. There is also a new Dual Degree program that allows students to complete a BA or BS in the College and a BSN in the SON.

Learn more about applying to the Nursing School and required prerequisite courses on their website. nursing.emory.edu

NEW STUDENT PROGRAMS
404.727.9000
ec.orientation@emory.edu
college.emory.edu/orientation
If you are interested in pursuing an undergraduate degree in business, you can apply to the Goizueta Business School (B-School) during your second year. Students who are accepted and choose to continue to the Business School will earn a Bachelor of Business Administration (BBA). Admission is holistic, meaning there is no set minimum GPA required to be considered and a number of factors are evaluated, including academic performance, extracurricular involvement, and letters of recommendation.

- You will apply for admission to the BBA Program in either the Fall (early) or Spring (regular) of sophomore year, depending on how many credits you have earned.
- You need at least 56 credit hours, excluding PE, PACE, and Health, by the end of Fall sophomore year in order to apply early/enter the program as a second semester sophomore.
- You must have at least 60 credit hours, excluding PE, PACE, and Health, by the end of Spring sophomore year in order to apply to enter the program as a junior.
- Before you are eligible to matriculate to the B-School, you will need to complete several pre-requisites. You can find information about these courses, as well as admission criteria, deadlines, and advising information, on the Pre-BBA website at www.bus.emory.edu/prebba.
- An information session on the Business School will be available during Orientation and the BBA Program Office hosts daily drop-in advising hours once the semester begins. They will also host informal chat sessions in freshman residence halls during the Fall semester, and additional events for students interested exploring business in the Spring.
ACADEMIC REQUIREMENTS

GRADUATION REQUIREMENTS

Now that you are on the Atlanta campus, it's important that you continue to remain aware of your graduation requirements and goals.

- A minimum of 124 academic hours + your 2 Oxford PE credits + 1 more credit for a total of 127. The additional credit makes up for the Health course that our Atlanta starters take their first year.
- A grade point average of at least a 2.0 for work attempted for a letter grade.
- Fulfillment of the course requirements for a major, as determined by the major department or program, with a minimum 2.0 average.
- Fulfillment of the General Education Requirements.
- Your last four semester of credit must be taken through Emory College (meaning, you can't use transfer credits or credits from another university). For students who begin at Oxford College this means your last 54 hours (this can include Study Abroad).
- Satisfaction of all financial obligations to the College and Emory University.
- No degree may be conferred while a student is suspended from Emory College under the provisions of the College Honor code or University's Conduct Code.

As stated in the College Catalog:
The undergraduate education in Emory College comprises three overlapping components:

1. general education requirements that provide a common core of substance and methodology;
2. more intensive and advanced study in a major field; and
3. free-ranging exploration by means of elective courses.

Visit the College Catalog for more information regarding the Graduation Requirements for Emory College students.

Please Note | If accepted to the Business or Nursing Schools, you will follow the graduation requirements set by those schools.
The Office for Undergraduate Education (OUE) supports students of Emory College of Arts and Sciences by providing academic services and offering programs designed to help them succeed during their undergraduate years — and beyond.

From orientation to graduation, OUE handles issues related to registration and courses, academic honor and integrity, academic advising, learning support programs, the College’s regulations and standards, and scholarships and distinctive programs that you can find only at Emory College of Arts and Sciences.

**SERVICES AND RESOURCES IN OUE**

- **Academic Support Programs**
- **Academic Advising**
- **Communications / College Weekly**
- **Emory Scholars**
- **English Language Learning (ELL Program)**
- **Honor Council**
- **National Scholarships and Fellowships**
- **New Student Programs**
- **Pre-Health Advising**
- **Undergraduate Research**
- **Writing Center**

More services and opportunities available at [college.emory.edu/oue](http://college.emory.edu/oue)
The Office for Undergraduate Education offers programs to support student learning. These include mentoring, coaching, and tutoring services for individuals and small groups. In addition, special support is available for students with special needs and those for whom English is an additional language.

**ACADEMIC SUPPORT AND OPPORTUNITIES**

**ACADEMIC COACHES**
Emory undergraduate student peers who are trained to work with students on both an individual level and in larger workshop.

**ACADEMIC FELLOWS**
Emory undergraduate student mentors trained to support incoming international students.

**EPASS PEER TUTORING**
EPASS Peer Tutors work one-on-one with students to help them improve their understanding of course-specific content.

**WRITING CENTER**
Offering discussion- and workshop-based tutorials for individuals and groups to improve writing skills.

**UNDERGRADUATE RESEARCH**
Undergraduate Research Programs (URP) support faculty and students involved in undergraduate research by providing resources for research projects and conference attendance via URP grant support.

**COLLEGE CONNECT HUB**
You’ll use the College Connect Hub to make appointments for Academic Advising and various other academic support programs. You will gain access the College Connect Hub ahead of Pre-Registration Advising.
ACADEMIC ADVISING

You will have a network of advising and support as an Emory College student.

At Emory, we want you to feel supported throughout your time as a student. Let’s meet a few of your assigned advisors as an Emory student.

ASSIGNED ADVISORS

ONCE YOU DECLARE YOUR MAJOR

Major Faculty Advisor
will assist you toward and sign-off on your graduation.

UPON ENTERING EMORY COLLEGE THROUGH GRADUATION

Office for Undergraduate (OUE) Education Academic Advisor
is available all the way up to graduation. OUE Advisors are assigned alphabetically.

ADDITIONAL ADVISORS

Friends and Classmates
Faculty and Staff
Pre-Professional Advisors

ADDITIONAL RESOURCES

In addition to faculty advisors, the Office for Undergraduate Education offers professional academic advisors who assist students with course planning, degree progress, and navigating challenges or concerns that may occur, and can provide referrals to appropriate campus partners to aid students in resolving concerns.

Learn more about these advisors, and find your advisor by visiting OUE’s website.

COLLEGE.EMORY.EDU/OUE
ACADEMIC ADVISING

YOUR ADVISING NETWORK

MAJOR FACULTY ADVISOR

You will be assigned a Major Faculty Advisor upon declaring your major. Once you declare your major, you will receive a faculty advisor in that specific department. This advisor will answer specific questions about major requirements and ultimately sign-off on your graduation. Students cannot declare majors until their 2nd semester. Most declare in the second year.

TRACK ADVISING

Some students may seek advising for a specific track. Exploring a track as an undergraduate simply means you’re preparing for an undergraduate degree outside of Emory College (BBA, BSN or Dual Degree with GT) or a graduate degree after college (health or law). More information is available on the next page.

OUE ADVISOR

Academic Advisors in the Office for Undergraduate Education (OUE) supplement your faculty advising and assist you throughout the year. These advisors work with students on general academic matters, including course planning and degree progress as well as challenges and concerns that may hinder your academic progress (including medical and personal situations). OUE Academic Advisors do not replace your Pre-Major Faculty Advisor but act as a supplement.

PEERS AND STUDENT LEADERS

You will have the chance to interact with many student leaders who serve as informal advisors, including Orientation Leaders, Resident Advisors, and more.
ACADEMIC ADVISING

TRACK ADVISING

Exploring a track means that you are preparing for an undergraduate degree outside of Emory College (BBA, BSN or Dual Degree with GT) or a graduate degree after college (health or law). No matter your track, you will still be grounded in a Liberal Arts Education.

Emory College offers several tracks that can be worked into your undergraduate requirements. Emory also has special advisors and programs no matter your major/minor for particular areas of interest.

The five tracks for additional information includes: Dual Degree (Pre-Engineering), Pre-Business, Pre-Health, Pre-Nursing, and Pre-Law.

TIMELINE + DATES

As you know, registration is a process, not an event. Students continuing to Goizueta Business School (including those planning second majors from Emory College) and the School of Nursing will receive specific instructions regarding their registration and advising processes.

Students continuing to Emory College will follow the timeline below.

ONE
Advising

WHEN Before your first Registration window.

WHO You’ll hear from a variety of Advising staff to help prepare you for your registration window. Your Oxford faculty adviser, your OUE advisor, and, in some cases, your Atlanta campus major department.

WHERE Canvas (Log-In to the ATL Bound Canvas Course for additional information and sessions times).

STAY IN TOUCH
Continue to check you email for updates and reminders regarding your advising and registration process.

TWO
Registration

WHERE You will register online via OPUS.

WHEN OPENS Dates TBD

CLOSES Dates TBD

REGISTER FOR 12-19 CREDITS*
Refer to the ATL Bound Canvas Course for Advising information.

*Students who have at least a 3.0 cumulative GPA may register up to 22 credit hours.

Add/Drop/Swap

WHERE Students can make changes to their schedules using OPUS.

WHEN Dates TBD

You can continue making any adjustments to your schedule during this time along with all other current students. After DATE at 11:59 PM, you will no longer be able to make changes to your schedule.
LANGUAGE PLACEMENT EXAMS

All Emory College and Goizueta Business School students are required to complete two sequential courses in a single foreign language before graduation (this is the HAL GER). This means that if you start with a language course, the next course you take in the same language will be at a higher level.

Due to the timing of placement tests, you will only be able to register for some language courses over the summer during your first enrollment period, and others once you begin classes in the fall during your second enrollment period.

THINGS TO KEEP IN MIND:

• You will study a language other than your native language. You can always take additional foreign language courses after this requirement is completed.

• Some languages have a placement test to help determine which course you should enroll in. If a language has a placement test, you must complete it before enrolling in the language, even if you have never taken this language before.

• Not every subject has a placement test. If there is no link provided for a placement test, then there is no placement test for that subject.

• If you are interested in a foreign languages not listed to the right, please contact the appropriate faculty advisor listed below beginning August 10 for Fall Semester Placement Information. Faculty may not be available before this date.
ENROLLING IN CHEMISTRY COURSES

The Emory College Chemistry Preparation (ECCP) is an online tool called ALEKS and is required for students taking Structure and Properties (CHEM 150).

If you have already completed the Oxford College Chemistry Preparation (OCCP) and/or completed CHEM 150, there is no need to take ECCP.

If you are planning to take Biology, Physics, a math course, or pursue the Pre-Health track when you continue to the Atlanta campus, it may be a good idea for you to take the ECCP as well. The results will help your advisors assist you in making the right scheduling decisions.

The mandatory ECCP is available between June 1 and August 26, 2020 and will count for 3% of a student’s total grade in Chem 150. The Department of Chemistry strongly recommends that interested students complete the ECCP well in advance to the start of classes. Regardless of AP/IB background, students wishing to take Chem 150 MUST complete the ECCP and earn 100% before the due date (August 26) to earn 3% of the CHEM 150 grade. Start the ECCP early! Completion times will vary for each student.

START THE ECCP
AP/IB CREDITS, INTERNATIONAL EXAMS, AND PREVIOUS COLLEGE CREDIT

A NOTE ABOUT YOUR OXFORD RECORD

All Oxford College students must confirm any changes to AP or IB transfer credit BEFORE graduation. That means, if you are a fall graduate, confirm your changes before December. If you are a spring graduate, confirm your changes before May. If you are planning to adjust your AP or IB transfer credits, you will need to work with the Oxford Registrar’s office (oxrecords@emory.edu).

A student’s academic record is sealed when the Oxford Associate of Arts degree is granted, and no changes to the record will be made per Emory University’s sealed records policy.

Questions about updates to transfer credits can be directed to the Oxford Registrar’s office (oxrecords@emory.edu).
USING THE NEW ATLAS

The Course Atlas will be updated on November 2 with the most up-to-date listing of courses offerings and offering type (online or in-person).

Begin exploring the functionality of the Atlas by visiting atlas.emory.edu.

USING OPUS

Question about OPUS? Use the link below to discover helpful resources and tutorials about functions in OPUS including: finding your enrollment appointment, adding classes to your shopping cart, and adding/dropping/swapping classes on your schedule.

YOUR OPUS SHOPPING CART

Shopping Carts in OPUS are similar to an Amazon wish list, but for courses. Students can add as many courses to their shopping cart and easily enroll when the time comes.

How-To Guides to the most frequently used OPUS features, including Course Registration, are available through Library and Information Technology Systems (LITS)

LAUNCH REGISTRAR WEBSITE
If you are interested in pursuing an undergraduate degree in business, you can apply to the Goizueta Business School (B-School) during your second year.

Students who are accepted and choose to continue to the Business School will earn a Bachelor of Business Administration (BBA).

Admission is holistic, meaning there is no set minimum GPA required to be considered and a number of factors are evaluated, including academic performance, extracurricular involvement, and letters of recommendation.

HELPFUL INFORMATION

- You will apply for admission to the BBA Program in either the Fall (early) or Spring (regular) of sophomore year, depending on how many credits you have earned.
- You need to complete all requirements to graduate from Oxford, by the end of Fall sophomore year in order to apply early/enter the program as a second semester sophomore.
- If choosing regular admission in Fall of junior year, it is required that you complete all Oxford requirements by the end of your spring semester sophomore year.
- Before you are eligible to matriculate to the B-School, you will need to complete several pre-requisites. You can find information about these courses, as well as admission criteria, deadlines, and advising information, on the Pre-BBA website at www.bus.emory.edu/prebba.

CONTACT: Anna Gibbons, Director Pre-BBA Advising and Admission
EMAIL: ahobby@emory.edu

BUS.EMORY.EDU/PREBBA

Registering as a Pre-BBA will put you on a listserv to receive programming information, opportunities and important reminders for Pre-BBAs, register here today:
LAUNCH REGISTRATION LINK
GOIZUETA BUSINESS SCHOOL (BBA)

OXFORD PRE-REQUISITE COURSES:

• Math_OX 111 or AP or IB credit for Calculus. Students who place into Math 112 may use Math 112 to satisfy this requirement

• ECON_OX 101 & ECON_OX 112 or AP Microeconomics and AP Macroeconomics. IB Econ Higher Level is also accepted

• ACT_OX 210

• MATH 117 or AP Statistics Credit (this will post as QTM credit but does satisfy the requirement)

• One continued Writing Course

SUGGESTED COURSEWORK:

• It is not required but helpful for future scheduling to complete your foreign language requirement while at Oxford.

• ACT_OX 211 is often offered in the spring, if you elect to take ACT_OX 210 in your first 3 semesters you will be able to take this required business core course early while completing your time at Oxford.

COURSES FOR NON-BBA STUDENTS:

Students who are not pursuing a BBA may also take up to four courses in the Business school during their time as an undergraduate, to request those courses visit the link below.

ADVISING

The BBA Program Office hosts daily drop-in advising hours. These hours are a time for students to ask questions about the BBA program and their academic path, get guidance on course choice and pacing and learn about the various opportunities the BBA program offers.

You will be able to meet with both professional advisors and peer Pre-BBA Coaches.

LEARN MORE ABOUT COURSE REQUESTS

PRE-BBA CONTINUED ON NEXT PAGE
GOIZUETA BUSINESS SCHOOL (BBA)

Interested in more than just BBA? There are many ways to incorporate Business as part of your educational experience:

CONCENTRATIONS
The BBA Program has relationships across the college allowing for students to combine academic interests through concentrations in areas like:
- Health Innovation
- Film and Media Management
- Arts Management
- Business Across Disciplinary Boundaries
- Environmental Management

DUAL DEGREE
There are three Dual degree programs with the BBA and one co-major
- BBA/MSBA
- BBA/MPA
- BBA + QSS Co-major
- Dual Degree Engineering with Ga Tech

LEARN MORE ABOUT DUAL DEGREE

APPROXIMATELY 30% OF BBAS WILL COMPLETE A DOUBLE MAJOR IN THE COLLEGE OF ARTS AND SCIENCES ALONGSIDE THE BBA
NELL HODGSON WOODRUFF SCHOOL OF NURSING (BSN)

The Bachelor of Science in Nursing (BSN) provides Emory College and Oxford College students with a solid foundation for beginning a career as a registered nurse. This program is designed for students who wish to pursue the BSN as their first bachelor’s degree.

As a BSN student, the first two years of general education prerequisites are taken at Emory College or Oxford College. Students may apply and be admitted to the nursing program while the prerequisites are in progress. All required courses must be completed with a C or higher before enrolling in the BSN program in the fall semester.

Emory and Oxford students applying to the BSN first-degree program will automatically be admitted to the School of Nursing if they meet certain requirements.

In the remaining two years at Emory, you’ll learn the practice of nursing in clinical and classroom settings. The nursing program is designed to be completed in four semesters of full-time enrollment.

Graduates of the BSN program are eligible to take the NCLEX examination to become a Registered Nurse in any U.S. state. BSN graduates can work in a wide array of practice areas in health care and beyond.

**REQUIREMENTS**

- Complete all requirements for the Associate of Arts degree, including 60 credit-hours of prerequisites and general education requirements before enrolling in the BSN program in the fall semester
- Maintain a cumulative grade point average of at least 3.0, and a grade point average of 2.8 in science and math courses
- Submit an online application for admission by January 15th of your sophomore year
- Include official transcripts from institutions outside of Emory University

**VISIT PRE-BSN WEBSITE**

EXPLORING ATLANTA

A progressive, global city, Atlanta is the business, technology, entertainment, and health care center of the Southeast, giving you many ways to gain experience and have fun. Atlanta's vitality comes from its varied neighborhoods—each with its own vibe and sensibilities.

There's a youthful spirit in Atlanta and so much to do, you'll find yourself wondering if you'll have time to do it all before you graduate. Don't worry, we've provided some must-sees to place at the top of your list.

The Atlanta BeltLine, a loop of trails and parks that will eventually connect 45 of the city's neighborhoods. It's a great place to walk, skate, bike, or run in the city and enjoy local restaurants along the way, too.

Any one of our five professional sports teams—men's and women's basketball, football, baseball, and now Atlanta United soccer, the hottest ticket in town.

The National Center for Civil and Human Rights, founded by an Emory alum, recognizes Atlanta's civil rights history and the city that is the birthplace of Martin Luther King, whose childhood home is part of the Martin Luther King Jr. National Historic Park.

Woodruff Arts Center is the centerpiece of Atlanta's professional arts community and houses the Tony Award–winning Alliance regional theater, the Atlanta Symphony, and the High Museum of Art.

We will continue to update these resources to include virtual opportunities to explore the city.

ATLANTA CITY PARKS
With over 3,000 acres of parkland, there is plenty of beauty to explore outdoors.

ATLANTA NEIGHBORHOODS
Learn more about the distinct characteristics of some of Atlanta's most notable neighborhoods.

PUBLIC TRANSPORTATION
Students can take advantage of the MARTA system to make their way around the city.

50 THINGS TO DO
Download the 50 Things to Do in Atlanta brochure, full of special Atlanta landmarks and must-see spots, including the Beltline!
POLICIES, EXPECTATIONS, AND SAFETY

STUDENT CONDUCT AND THE CODE

The Office of Student Conduct is responsible for upholding the integrity and purpose of the university through the fair and consistent application of policies and procedures to undergraduate student behavior. In this way, the office helps to ensure that our community respects the dignity of every individual and the right of all persons to reach their highest potential.

Education is the foremost goal of the Undergraduate Code of Conduct; it is not intended primarily as a punitive process or substitute for the law. Instead, the code supports a safe learning environment that promotes a climate of mutual respect, fosters open dialogue, encourages learning and understanding, cultivates individual well-being and development, and nurtures ethical decision-making in the lives of Emory's undergraduate students.

SEXUAL MISCONDUCT AND HARASSMENT: TITLE IX

Title IX is the federal law that requires colleges and universities to address sexual harassment and sexual misconduct. Emory strives to be a community free of sexual misconduct by promoting respect and responsibility, providing education, and working with students, faculty, and staff to cultivate a safe and supportive environment for all.

The Title IX Coordinator for Students ensures that Emory is protecting your right to gender-based equal opportunity on our campus. The university takes all complaints and accusations of sexual misconduct seriously. Learn more about the policies and your rights online.

POLICIES, EXPECTATIONS, AND SAFETY

OPEN EXPRESSION

The first amendment is one American’s most fundamental rights. Throughout history, Americans have used this right to create political and social change.

Emory University is affirmatively committed to the promotion and protection of open expression for all Emory community members. The university’s Respect for Open Expression Policy preserves free and open expression of thoughts, ideas, beliefs, dissent, and protest through inquiry, speech, and assembly – affirming the rights of members of the community to assemble and demonstrate peaceably within the limits of the policy. The Emory community engages in open expression through exercising our right to vote, producing new scholarship, and engaging in protest, to name a few examples.

The University Senate Committee for Open Expression – a working group of faculty, staff, and students – helps dissenter conduct their protests as valued and respected members of our Emory community and in a fashion that safeguards the rights of other community members.

Recently, the murders of George Floyd, Breonna Taylor, Ahmaud Arbery, and too many others, have highlighted both racial injustice and the power of protest and dissent. There have been calls from our community for systematic change, and many have taken to the streets to make their voices heard. In addition, the U.S. is in a highly contested election season, and Emory has been encouraging all members of our community to exercise the right to vote if they are able. You can learn more about the Emory Votes Initiative (EVI) by clicking the button below.

POLICIES, EXPECTATIONS, AND SAFETY

CREATING A SAFE COMMUNITY FOR ALL

THE OFFICE OF RESPECT

The Office of Respect is a campus resource for all enrolled Emory students who have been directly and indirectly impacted by interpersonal violence. The office aims to provide support; helps students learn about their options and rights; assists with safety planning; provides legal and medical accompaniment; and/or helps coordinate academic assistance. Services include 24-hour support through the Office of Respect hotline which students can contact by dialing: 470-270-5360 to speak with a Respect advocate.

The Office of Respect also connects students with resources on and off campus, as well as provides prevention education on topics such as healthy relationships, sexual consent, and much more, and hosts signature events and trainings on topics such as how active bystander skills (ABS) and trauma-informed care for survivor support.

Please email respect@emory.edu to request a training or learn more about how advocacy services or trainings can be customized to fit your needs.

BIAS INCIDENT SUPPORT SERVICES

Emory University strives to provide a welcoming, diverse and inclusive campus as an essential part of a community of academic excellence. We recognize that incidents of hate or bias can negatively impact members of our community. Bias Incident Support Services (BISS) aims to create a more inclusive campus environment by ensuring community members impacted by bias have an accessible venue to report bias incidents and receive support. BISS does not seek to limit open expression and academic freedom, but rather, to foster a campus community where students, faculty and staff of all identities feel welcomed and supported.

Emory University encourages any member of the campus community who witnesses or experiences bias to report the incident.

OMBUDSPERSON

The Ombudsperson for students serves as a neutral and confidential sounding board to assist students dealing with academic or nonacademic issues.

Please email ombudsperson@emory.edu to learn more about how advocacy services or trainings can be customized to fit your needs.

HEALTH AND WELLNESS

Positive and holistic student well-being is multifaceted and contributes to academic and personal success. Students can enhance their personal and community wellness through engagement with a variety of programs and services.

STUDENT HEALTH SERVICES

Emory University Student Health Services (EUSHS), located at 1525 Clifton Road, is the primary outpatient healthcare facility for enrolled Emory students. EUSHS professional services are covered by student fees and tuition and students do not need to utilize the Emory Student Insurance Plan to come to EUSHS. There are fees-for-service for lab tests, medications, vaccines and procedures.

The Student Health team is comprised of many types of healthcare professionals to meet the needs of our student population including: primary care physicians, psychiatrists, physician assistants, nurse practitioners, nurses, registered dietitians, an alcohol and other drug counselor, and a licensed clinical social worker.

RECREATION AND WELLNESS

Emory Recreation and Wellness seeks to provide spaces and experiences at Emory that encourage play as a means to become and stay well. Recreation and Wellness provides both academic and recreational programs that include physical activity, which contribute to the physical, mental, and emotional health of participants and which helps students build skills to ensure long term healthy behaviors.

Check out fitness classes, intramurals, club sports, recreation facilities, and an academic curriculum (Play 4 Life) through Recreation and Wellness at Emory!

EMAIL: recwell@emory.edu
HEALTH AND WELLNESS

COUNSELING AND PSYCHOLOGICAL SERVICES (CAPS)

Counseling and Psychological Services (CAPS) seeks to create a welcoming environment in which all members of the Emory community feel safe and valued.

Our goal is to support the academic mission of the university by fostering the intellectual, emotional, social, spiritual, and psychological well-being of Emory students through the provision of various clinical services, community-level interventions, consultation, collaboration with campus partners, advising of student groups, and clinical training. We are a diverse and multi-theoretical group of clinicians who value compassion, diversity, cultural humility, and social justice.

PHONE: 404.727.7450

COUNSELING.EMORY.EDU

In service of our mission, CAPS offers an array of mental health services to support both individuals and the larger Emory community. Please note that due to COVID-19, all CAPS services are currently being offered through a HIPAA-compliant, secure, telehealth platform. CAPS provides free confidential services for students including:

• Brief Individual & Couples Counseling (Both members of couple must be Emory students)
• Group Therapy
• Drop-In Workshops & Support Groups: Find out more at bit.ly/emorycaps (login using your Emory credentials)
• Stress Clinic (biofeedback unavailable in virtual environment)
• Consultation for Those Worried about a Student
• Mental Health Crisis Support

HEALTH AND WELLNESS

OFFICE OF HEALTH PROMOTION

The Office of Health Promotion (OHP) implements initiatives to create a healthy campus where students embrace health and wellness as a necessary contributor to their success at Emory University and beyond.

To this end, OHP engages the entire Emory community to reduce high-risk alcohol use and misuse; reduce drug use, misuse, and abuse; increase positive and protective sexual behaviors; strengthen mental wellbeing; and improve physical health. OHP is committed to building the capacity for students to live well, be well and do well.

ACCESSIBILITY SERVICES

The Department of Accessibility Services (DAS) is committed to advancing an accessible and “barrier-free” environment for students, faculty, staff, patients, guests and visitors by ensuring that the principles of access, equity, inclusion and learning are realized in and by the Emory community.

Qualified students, faculty, and staff must register with our office and make a request for services. Confidentiality is honored and maintained.

Reach out to DAS today. Requests that are received prior to the start of the semester or term will allow DAS to adequately coordinate services and provide instructors with reasonable notice. The Department of Accessibility Services (DAS) website is a great resource to get started with accommodations, and has specific information for incoming students.

PHONE: 404-727-9877 | EMAIL: accessibility@emory.edu
It is our hope that you embrace life at Emory with open arms, and take advantage of every opportunity to find your place on campus.

The following resources are meant to help you find ways to be involved in the community that are designed to enhance and enrich your experience as an Emory student.
WELL-BEING AND STUDENT SUCCESS

CENTER FOR STUDENT SUCCESS
PROGRAMS AND SERVICES

The Center for Student Success Programs and Services assists students and their families on an ongoing basis and in times of crisis – including but not limited to meeting academic, medical, financial, and social challenges, as well as providing assistance to assault survivors.

The Center for Student Success Programs and Services helps to foster a caring campus community that nurtures student self-discovery through academic and personal growth.

RESOURCES FOR STUDENT VETERANS

At Emory University, Veterans and their families are a valued and vital part of our community. Emory is committed to investing in Veterans as students, caring for Veterans in the greater Atlanta metropolitan region and beyond, and training current and future healthcare providers to provide the very best in specialized care.

Resources are available to help support Emory Veterans. For a complete list of services, please visit the website listed below provided by Emory Campus Life.

OFFICE OF SUSTAINABILITY

From the copy room to the operating room, from the classroom to the residence hall, the Emory Office of Sustainability Initiatives (OSI) guides the efforts to meet the challenges of sustainability across all of Emory’s institutions. Emory OSI carries out this imperative by helping to restore the global ecosystem, fostering healthy living and reducing the University’s impact on the local environment.

The vision of the Office of Sustainability for Emory is to be a model of transformative practices and sustainable choices at every level. Learn more about their efforts across campus by visiting their website.
GETTING INVOLVED

Emory Campus Life can serve as a resource as you begin developing your home away from home. Below are several offices within Campus Life that can help as you consider meeting new people, joining a student organization, or engaging in local and national communities.

<table>
<thead>
<tr>
<th>I WANT TO ...</th>
<th>WHERE TO GO</th>
</tr>
</thead>
<tbody>
<tr>
<td>Join a Student Organization.</td>
<td>Student Involvement, Leadership, and Transitions (SILT) lead.emory.edu</td>
</tr>
<tr>
<td>Volunteer and Serve the Community.</td>

</tr>
<tr>
<td>Join a Greek-letter organization.</td>
<td>Office of Sorority and Fraternity Life osfl.emory.edu</td>
</tr>
</tbody>
</table>

Emory has over 500 unique and individual organizations that address almost any interest you may have. Start slow by joining one or two things as you learn how to balance your new, college schedule.

LOG-IN TO ENGAGE

Engage is an online platform that facilitates campus engagement. It allows you to search for student groups, locate events, and connect with specific organizations. You will use your Emory NetID and password to log on.

VIRTUAL OPTIONS TO CONNECT

More informations on how to virtually connect to student organizations and groups will be available throughout the Summer.

ABOVE ALL, BE PATIENT...

With all the opportunities, some students find a community quickly; others take longer. Don’t get discouraged; many current students will tell you it took time to find the right place for them. We encourage you to utilize the Student Involvement, Leadership, and Transitions (SILT) office for additional support to get involved.

500+ Student Organizations
118 Special Interest Organizations
88 Academic Interest Organizations
55 Professional Organizations
COMMUNITY BELONGING

Getting involved and finding a sense of belonging on campus can be more than just joining a club or student organization.

During your time here, we are confident you will find a community in which you feel welcome to express yourself and your identities. Emory Campus Life is committed to social justice and advocating for student needs. The following offices at Emory support specific identities and educate the campus community on issues of social justice, diversity, and inclusion.

BUILD COMMUNITY AND DEFINE SAFE SPACES.

CAMPUS LIFE INITIATIVES AND PROGRAMS

Emory Campus Life prides itself on cultivating meaningful relationships that can transform our community. From providing spaces like Centro Latinx and the Black Student Union to initiatives focused on civil responsibility Emory Campus Life works to provide support to all students.

Emory Campus Life (ECL), a community recognized internationally for advancing education into action and delivering world-class programs and services, promotes a healthy and sustainable environment where students live what they learn and learn what they live for self and society.

ECL catalyzes a distinctive, caring, inquiry-driven, ethically engaged, polycultural, and socially just community of students, faculty, staff, alumni, families, and visitors who imagine and lead positive transformation in the world.
