First-Year Reference Pages

We are thrilled that you made the decision to join our community and cannot wait to welcome you in the fall. While this is often a very exciting time for you and your family, we recognize that it is not without stress. We know that you have many questions about what Emory will be like, the classes you will take, and the people you will meet. New Student Programs is here to guide you through this transition, and we hope that Reference Pages will serve as a helpful resource to you.

Reference Pages are designed for first-year students, and will help answer your questions about campus resources, programs, and services.

We do not expect you to remember everything; rather you should use this as a guide throughout your first year and beyond.

Reference Pages are designed for first-year students, and will help answer your questions about campus resources, programs, and services.

We do not expect you to remember everything; rather you should use this as a guide throughout your first year and beyond.

PLEASE NOTE | This guide was initially created based on our typical fall schedule and updated to reflect Emory’s fall plans (announced June 10, 2020 and July 17, 2020).

If anything additional changes for fall, we will update this document, highlight the changes and note the date of change. Updates regarding COVID-19 Response can be found here.

**PACE**
Pre-Major Advising and Connections at Emory. A course you will take in the fall.

**PHA**
Pre-Health Advising

**PRE-PROFESSIONAL**
Academic track preparing students toward a particular career path

**PREREQUISITE**
A course that is required before enrolling in a related course

**RA**
Resident Advisor

**RHD**
Residence Hall Director

**SA**
Sophomore Advisor (Residence Life)

**SGA**
The Student Government Association

**SHOPPING CART**
OPUS tool for registration. Go to OPUS, sign in, and then search at the top for the shopping cart.

**SPC**
The Student Programming Council, Emory’s undergraduate student programming board

**SWOOP**
Swoop is the mascot of Emory University. Swoop helps represent the Emory Eagles, a long standing tradition.

**WOODPEC**
Woodruff Physical Education Center
Emory announced the plans for the fall semester and an optional return to campus on June 10, 2020. An update was also published on July 17. Below are the resources related to these announcements.

**COVID-19 ON-CAMPUS EXPECTATIONS**

It’s important that students and families understand that the physical Emory community will look different from what may be expected on-campus.

With increased measures around preventing the spread of the COVID-19 virus, including the use of face coverings and guidance around physical distancing it’s important that students take time to review what the on-campus experience will entail. Before arriving to campus students will complete a series of tasks include completing an online ELMS (Emory Learning Management System) course and signing a Community Compact. More information will be available soon.

It will be the responsibility of every community member to hold one another accountable. Please review the expectations outlined in the Campus Health and Safety Plan available on the Emory Forward website. Students will also be mandated to complete tasks related to understanding and agreeing to these expectations before your arrival to campus.

**EMORY COLLEGE FORWARD**

The Emory College Forward page includes relevant information regarding the fall, as it pertains to Emory College students specifically.

**EMORY FORWARD WEBSITE**

The Emory Forward website includes a detailed overview of the fall announcement, an increased health and safety plan, and links to the most updated information from across the university.

**CAMPUS LIFE RE-OPEN INFORMATION**

Updates regarding living on campus (housing, dining, student events, etc.) are available on the Campus Life Re-Open website.

**IN THIS TOGETHER**

Take a moment to review the resources below and help do your part to making Emory a healthy community for yourself and your colleagues.

- **PHYSICALLY DISTANT, Socially CONNECTED**
  - Review physical distance guidelines should you choose to come to campus.

LEARNING AT EMBER

We’re excited to welcome you to our intellectual community. You will soon be joining a group of renowned scholars and accomplished alumni.

The following pages review important Emory academic policies, procedures, and processes. Expect to review the following content throughout the summer as you complete Emory Essentials and prepare for course registration in August.
Liberal Arts Education

You have chosen a place that emphasizes the liberal arts. Come ready—and eager—to play across the intellectual field. To explore. To learn broadly. Use your first two years to see which areas of study excite you, and draw on your strengths so that you can choose a major wisely.

Being a student in Emory College of Arts and Sciences means that you will take classes across the disciplines: humanities, social sciences and natural sciences. In practice, you could take a humanities course the same semester as a lab science, or combine social sciences while exploring interdisciplinary studies.

With more than 50 departments and programs, 86 majors, and 63 minors, our students explore widely and dive deeply in rigorous courses of study that emphasize critical thinking, the nature of evidence from multiple perspectives and the ability to effectively reason and communicate.

At Emory College, we are driven by our passions for inquiry and discovery, and I invite you to join us and experience what makes this academic community so special.”

Dean Michael A. Elliott
Let's take a look at a sampling of the departments and programs in each area of the liberal arts available for you at Emory College.

Your Emory College of Arts and Sciences education is built around the General Education Requirements (GERs) and fulfilling the requirements of a major. In your first year, you will begin discovering your academic interests through the GERs and completing a few required courses. During your time in Emory College you will complete the following:

### FSEM
First-Year Seminar
1 COURSE

### HLTH
Health
1 COURSE

### SNT
Science, Nature, and Technology
2 COURSES

### PED
Physical Education & Dance
1 COURSE

### WRT
First-Year Writing
1 COURSE

### FWRT
Continued Writing
3 COURSES

### MQR
Math & Quantitative Reasoning
1 COURSE

### HAP
Humanities, Arts, Performance
2 COURSES

### HAL
Humanities, Arts, Language
2 COURSES

### AREA 1
First-Year Seminar
2 COURSES

### AREA 2
History, Society, and Culture
2 COURSES

### AREA 3
Humanities, Arts, Performance
2 COURSES

### AREA 4
Math & Quantitative Reasoning
1 COURSE

### AREA 5
Science, Nature, and Technology
2 COURSES

### AREA 6
History, Society, and Culture
2 COURSES

### AREA 7
Humanities, Arts, Performance
2 COURSES

### AREA 8
First-Year Seminar
2 COURSES

### AREA 9
History, Society, and Culture
2 COURSES

### AREA 10
Humanities, Arts, Performance
2 COURSES

For more information regarding Academic Requirements, please refer to the College Catalog.
Updated: July 17  ACADEMIC REQUIREMENTS

FIRST-YEAR REQUIREMENTS

You will complete the following requirements in your first year.

<tr>
<td>PACE 101 will support your transition to Emory and college life throughout the fall semester.</td>
<td></td>
</tr>
</tbody>
</table>

For Fall 2020, First-Year students will be pre-enrolled in PACE 101, Health 100, and either a FSEM course (based off your residence hall) or FWRT course. If you intend to fulfill your FWRT with a AP/IB credit, or previous college credit, you will be pre-enrolled in a FSEM. If you are not placed in a FSEM course for the fall you will register for one in the spring. Your fall schedule will be reflected with these changes before you enroll on August 10.
**GENERAL EDUCATION REQUIREMENTS (GERS)**

You have your entire Emory College career to complete the remaining requirements, known as General Education Requirements or GERS.

The general education component of an Emory undergraduate education is organized to present an array of intellectual approaches and perspectives as ways of learning rather than a prescribed body of content.

---

**Please Note** | Students may be able to fulfill select GERS with AP, IB, previous college, or dual enrollment credit. Click here for the official policies and regulations in the College Catalog. Dual enrollment courses that counted for High School requirements will NOT be accepted at Emory.

---

**Foreign Language Requirement**

- Area 7 includes the Foreign Language Requirement. Students must complete two sequential HAL courses in a single foreign language. In addition to 2 HAL foreign language courses, students will need to complete either 2 additional HAP courses, HAL courses, or 1 HAP and 1 HAL.

---

All Emory Undergraduate Students (Emory College of Arts and Sciences, Goizueta Business School, Hodgson School or Nursing) will complete General Education Requirements.
Some of you may already have an idea of what you would like to study (although you can still change), others are undecided, and both are completely normal. While the General Education Requirements allow you to study broadly, you will also study at least one area deeply.

Don’t be surprised if you change your mind, or a class you take in your first year exposes you to an area you have never heard of before. Each year, 70% of first-year students change their academic interests based on classes they take on campus. Students planning to apply to the Goizueta Business School or Nell Hodgson School or Nursing will need to consult their individual school’s requirements.

You do not need to decide on a major right away. You won’t even be able to declare a major in your first semester.

When you’re ready to declare, these are your options:

- **1 MAJOR**
- **OR**
- **1 MAJOR + 1 MINOR**
- **OR**
- **2 MAJORS**

All Emory College students must graduate with at least one major. Emory College will only recognize two of your concentrations. That means you can either have (a) one major, (b) one major and one minor, or (c) two majors.

You can declare a major or minor as early as the second semester of your first year. However, you don’t have to declare until the end of your second year.

Once you declare a major, you will be assigned a faculty advisor in each department in which you declare. This advisor(s) will replace your Pre-Major Faculty Advisor (your first official advisor).

Refer to the [College Catalog](https://catalog.college.emory.edu) for a detailed list of Majors and Minors.
ACADEMIC REQUIREMENTS

DIFFERENT DEGREE PATHS

While all incoming first-year students enter into Emory College of Arts and Sciences, you can pursue other or additional degree paths as an Emory University student.

DUAL DEGREE (PRE-ENGINEERING)

The Dual Degree program represents an opportunity for students to earn an Emory degree of their choice (BA, BS or BBA) and a Bachelor of Science (BS) from Georgia Tech (GT). Students must complete 100 credit hours, the GERs, an Emory College major and the GT prerequisites to be eligible to transfer to GT.

If accepted into the program, you will major in one of the following areas at GT (note each major has a different set of prerequisites):

- Aerospace Engineering (AE)
- Biomedical Engineering (BME)
- Chemical Engineering (CHE)
- Civil Engineering (CE)
- Computer Engineering (CmpE)
- Electrical Engineering (EE)
- Environmental Engineering (Env E)
- Industrial and Systems Engineering (ISyE)
- Material Sciences and Engineering (MSE)
- Mechanical Engineering (ME) • Nuclear & Radiological Engineering (NRE)

To see information on prerequisite courses, advising and majors, check out the Dual Degree website.

[COLLEGE.EMORY.EDU/DUAL-DEGREE/](http://COLLEGE.EMORY.EDU/DUAL-DEGREE/)

NELL HODGSON WOODRUFF SCHOOL OF NURSING

Students interested in earning a Bachelors of Science in Nursing (BSN) may gain automatic entry into the Nell Hodgson Woodruff School of Nursing after completing a minimum of 60 credit hours, specified prerequisite courses and maintaining 3.0 cumulative/2.8 science/math GPA. There is also a new Dual Degree program that allows students to complete a BA or BS in the College and a BSN in the SON.

Learn more about applying to the Nursing School and required pre-requisite courses on their website.

[NURSING.EMORY.EDU](http://NURSING.EMORY.EDU)
If you are interested in pursuing an undergraduate degree in business, you can apply to the Goizueta Business School (B-School) during your second year. Students who are accepted and choose to continue to the Business School will earn a Bachelor of Business Administration (BBA). Admission is holistic, meaning there is no set minimum GPA required to be considered and a number of factors are evaluated, including academic performance, extracurricular involvement, and letters of recommendation.

- You will apply for admission to the BBA Program in either the Fall (early) or Spring (regular) of sophomore year, depending on how many credits you have earned.
- You need at least 56 credit hours, excluding PE, PACE, and Health, by the end of Fall sophomore year in order to apply early/enter the program as a second semester sophomore.
- You must have at least 60 credit hours, excluding PE, PACE, and Health, by the end of Spring sophomore year in order to apply to enter the program as a junior.
- Before you are eligible to matriculate to the B-School, you will need to complete several pre-requisites. You can find information about these courses, as well as admission criteria, deadlines, and advising information, on the Pre-BBA website at www.bus.emory.edu/prebba.
- An information session on the Business School will be available during Orientation and the BBA Program Office hosts daily drop-in advising hours once the semester begins. They will also host informal chat sessions in freshman residence halls during the Fall semester, and additional events for students interested exploring business in the Spring.
ACADEMIC REQUIREMENTS

GRADUATION REQUIREMENTS

It may seem odd to introduce Graduation Requirements before you begin your first year, however, it is important to focus on your four-year graduation goal as a member of the Class of 2024.

- A minimum of 126 semester hours of credit, of which 124 hours must be in academic courses, not physical education (no more than 16 hours of applied music or 17 one-hour dance courses may be counted toward the 124 academic hours).
- A grade point average of at least a 2.0 for work attempted for a letter grade.
- Fulfillment of the course requirements for a major, as determined by the major department or program, with a minimum 2.0 average.
- Fulfillment of the General Education Requirements.

- Your last four semester of credit must be taken through Emory College (meaning, you can’t use transfer credits or credits from another university). For students who begin at Emory College of Arts and Sciences this means their last 64 hours (this can include Study Abroad).
- Satisfaction of all financial obligations to the College and Emory University.
- No degree may be conferred while a student is suspended from Emory College under the provisions of the College Honor code or University’s Conduct Code.

As stated in the College Catalog:
The undergraduate education in Emory College comprises three overlapping components:

1. general education requirements that provide a common core of substance and methodology;
2. more intensive and advanced study in a major field; and
3. free-ranging exploration by means of elective courses.

Visit the College Catalog for more information regarding the Graduation Requirements for Emory College students.

Please Note | If accepted to the Business or Nursing Schools, you will follow the graduation requirements set by those schools.
The Office for Undergraduate Education (OUE) supports students of Emory College of Arts and Sciences by providing academic services and offering programs designed to help them succeed during their undergraduate years — and beyond.

From orientation to graduation, OUE handles issues related to registration and courses, academic honor and integrity, academic advising, learning support programs, the College’s regulations and standards, and scholarships and distinctive programs that you can find only at Emory College of Arts and Sciences.

SERVICES AND RESOURCES IN OUE

- Academic Support Programs: college.emory.edu/oue/current-students/student-support/
- Academic Advising: college.emory.edu/oue/current-students/advising/

COLLEGE.EMORY.EDU/QUE
ACADEMIC ADVISING

You will have a network of advising and support as an Emory College student. This may look different than your high school network, so let’s take a closer look.

At Emory, we want you to feel supported throughout your time as a student. Let’s meet a few of your assigned advisors as an Emory student.

**Pre-Registration Advisor (PRA)**

You will start with a Pre-Registration Advisor (PRA) before being assigned additional advisors. Your PRA is an Office for Undergraduate Education staff member who you will meet with once over the Summer. Meetings will take place virtually in small groups.

**Pre-Major Faculty Advisor**

is a faculty advisor until you declare a major.

**Major Faculty Advisor**

will assist you toward and sign-off on your graduation.

**Office for Undergraduate (OUE) Education Academic Advisor**

is available all the way up to graduation. OUE Advisors are assigned alphabetically.

In addition to faculty advisors, the Office for Undergraduate Education offers professional academic advisors who assist students with course planning, degree progress, and navigating challenges or concerns that may occur, and can provide referrals to appropriate campus partners to aid students in resolving concerns.

Learn more about these advisors, and find your advisor by visiting OUE’s website.
ACADEMIC ADVISING

YOUR ADVISING NETWORK

PRE-REGISTRATION ADVISOR

Academic Advisors will be available before your enrollment appointments to help plan your first semester schedule. While this is not your official advisor, the staff will help you plan your fall schedule while reviewing first-year requirements, general education requirements, and other general questions.

Information on Pre-Registration advising is available on our website.

COLLEGE.EMORY.EDU/ORIENTATION

PRE-MAJOR FACULTY ADVISOR

This faculty member will be another member of your advising network. Your Pre-Major Faculty Advisor may be in a department you are interested in studying or from a discipline you may not have considered. They are one person from whom you will receive advising.

MAJOR FACULTY ADVISOR

You will be assigned a Major Faculty Advisor upon declaring your major.

Once you declare your major, you will receive a faculty advisor in that specific department. This advisor will answer specific questions about major requirements and ultimately sign-off on your graduation. Students cannot declare majors until their 2nd semester. Most declare in the second year.

TRACK ADVISING

Some students may seek advising for a specific track. Exploring a track as an undergraduate simply means you’re preparing for a undergraduate degree outside of Emory College (BBA, BSN or Dual Degree with GT) or a graduate degree after college (health or law).

More information is available on the next page.

OUE ADVISOR

Academic Advisors in the Office for Undergraduate Education (OUE) supplement your faculty advising and assist you throughout the year.

These advisors work with students on general academic matters, including course planning and degree progress as well as challenges and concerns that may hinder your academic progress (including medical and personal situations). OUE Academic Advisors do not replace your Pre-Major Faculty Advisor but act as a supplement.

PEERS AND STUDENT LEADERS

You will have the chance to interact with many student leaders who serve as informal advisors, including Orientation Leaders, Resident Advisors, and more.
Exploring a track means that you are preparing for an undergraduate degree outside of Emory College (BBA, BSN or Dual Degree with GT) or a graduate degree after college (health or law). No matter your track, you will still be grounded in a Liberal Arts Education.

Emory College offers several tracks that can be worked into your undergraduate requirements. Emory also has special advisors and programs no matter your major/minor for particular areas of interest.

The five tracks we will cover are: Dual Degree (Pre-Engineering), Pre-Business, Pre-Health, Pre-Nursing, and Pre-Law.

All webinar times are in Eastern Standard Time (EST) and will be broadcast via New Student Programs’ YouTube page (youtube.com/helloemoryatl).

COURSE REGISTRATION 101

At Emory, Registration is a process, not a singular event. Building your first fall schedule will take time. You will have support along the way, including:

• Emory Essentials - The second module of Emory Essentials is focused around preparing you for registration. Through guided practice, you will be able to learn the ins-and-outs of how you will actually register for courses.

• Pre-Registration Advisor - Over the summer you will meet with your Pre-Registration Advisor virtually in small groups to review your first fall schedule.

• Reference Pages - The pages below are to be used throughout the summer as you may need to reference certain aspects of the Registration Process.

• Orientation - During Orientation you will have a chance to speak to advisors, peer mentors, faculty members, and more!

The following pages review the most pertinent information to the Registration process.

REGISTRATION 101

Timeline and Dates
Review dates of Registration

Placement Exams
Learn about Emory College Language course’s various placement exams and/or processes

Chemistry Courses
Learn about the Emory College Chemistry Prep and who should consider completing this pre-assessment

AP/IB/International Exams and Previous College Credit
Guidance to understanding the policy on various testing/course credit that can be brought to Emory.

Using Atlas and OPUS
Assistance in navigating the Course Atlas and OPUS system, used for course registration.

Building Your Schedule
Steps to registering for your first schedule

Understanding the Waitlist
Learn about what it means to be “Waitlisted” for a course.
Registration is a great time to explore all that Emory has to offer. Think of course registration (enrollment) as a process and not as an event.

It is not over after selecting classes during your enrollment appointments (August 10-11). In fact, your schedule may not be ‘final’ until the end of August, or the first week of classes.

We know that your first semester schedule may change many times before you finalize by August 26 (the end of the Add/Drop/Swap period).

This means you have the opportunity to attend some class sessions when you arrive before finalizing your course schedule. Let’s review the important dates and details for you to know.

ONE
Pre-Enrollment

**WHEN**
Before your first Registration window. No additional action is required from you.

**PRE-REGISTERED FOR FIRST 5 CREDITS**
The Office for Undergraduate Education will pre-enroll first-year students in 5 credits of courses. These include:
- PACE 101 (1 Credit)
- Health 100 (1 Credit)
- 3 Credit Hour Course that will go toward either your First-Year Seminar (FSEM) or First-Year Writing (FWRT)

If a student is fulfilling the First-Year Writing Requirement with an AP/IB/Previous College Credit equivalency, they will be enrolled in a First-Year Seminar (this will be based on your residence hall), all others will be enrolled in a First-Year Writing Course. Students will see these pre-enrollments reflect in their OPUS account.

**HOW DO WE KNOW IF YOU NEED FIRST-YEAR WRITING?**
This will be based on your response to the Academic Student Profile in Emory Essentials 1.

TWO
Registration

**WHERE**
You will register online via OPUS.

**WHEN**
- **OPENS**
  Monday, August 10
  12 PM Noon (EST)
- **CLOSES**
  Tuesday, August 11
  11:59 PM (EST)

**REGISTER FOR UP TO 17 CREDITS**
You will register for up to 17 total credit hours (this does not include credits you are bringing into Emory). After August 11 you can not make changes to your schedule until Add/Drop/Swap.

**WHERE**
Students can make changes to their schedules using OPUS.

**WHEN**
August 17 - 26

You can continue making any adjustments to your schedule during this time along with all other current students. After September 2 at 11:59 PM, you will no longer be able to make changes to your schedule.

Many student schedules may change during this period and is a great opportunity to make helpful tweaks to your schedule.
COURSE REGISTRATION 101

LANGUAGE PLACEMENT EXAMS

All Emory College students are required to complete two consecutive courses in a single foreign language before graduation (this is the HAL GER). This means that if you start with a language course, the next course you take in the same language will be at a higher level.

Due to the timing of placement tests, you will only be able to register for some language courses over the summer during your first enrollment period, and others once you begin classes in the fall during your second enrollment period.

THINGS TO KEEP IN MIND:

- You will study a language other than your native language. You can always take additional foreign language courses after this requirement is completed.

- Some languages have a placement test to help determine which course you should enroll in. If a language has a placement test, you must complete it before enrolling in the language, even if you have never taken this language before.

- Not every subject has a placement test. If there is no link provided for a placement test, then there is no placement test for that subject.

- If you are interested in a foreign languages not listed to the right, please contact the appropriate faculty advisor listed below beginning August 10 for Fall Semester Placement Information. Faculty may not be available before this date.

ENROLLING IN CHEMISTRY COURSES

The Emory College Chemistry Preparation (ECCP) is an online tool called ALEKS and is required for students taking Structure and Properties (CHEM 150).

If you are planning to take Biology, Physics, a math course, or pursue the Pre-Health track, it may be a good idea for you to take the ECCP as well.

The results will help your advisors assist you in making the right scheduling decisions. The mandatory ECCP is available between June 1 and August 26, 2020 and will count for 3% of a student’s total grade in Chem 150. The Department of Chemistry strongly recommends that interested students complete the ECCP well in advance to the start of classes. Regardless of AP/IB background, students wishing to take Chem 150 MUST complete the ECCP and earn 100% before the due date (August 26) to earn 3% of the CHEM 150 grade.

Start the ECCP early! Completion times will vary for each student.

START THE ECCP
AP/IB CREDITS, INTERNATIONAL EXAMS, AND PREVIOUS COLLEGE CREDIT

Students can receive up to 18 hours of credits toward graduation outside of Emory. Of those 18 credits, up to 12 credit hours may come from AP/IB/International Exam scores toward hours required for graduation, while the additional hours may come from previous college credit or transient credit.

- Each acceptable AP/IB or other exam will come in as 3 credit hours. Approved previous college or transient credits will come in based on the total earned hours at the other institution.
- Students with more than four acceptable AP/IB/international test scores (12 credits) may receive a non-credit bearing course waiver for each additional test above the 12 credits.
- Students may use AP/IB credits or previous college credits for prerequisites and GERs (General Education Requirements).
- Students cannot receive AP and IB credit for the same course.

The Office of Undergraduate Admission will review the following and award credit accordingly for:

- Advanced Placement (AP) test scores,
- International Baccalaureate (IB) test scores,
- International Exams (i.e. A Levels)
- and previous college credit/joint enrollment

AP/IB Exam Equivalencies Information including a chart of acceptable credit can be found on the Office for Undergraduate Education’s website

VIEW AP INFORMATION
HOW TO SUBMIT SCORES AND PREVIOUS COLLEGE TRANSCRIPTS

As soon as possible, submit all previous credit (previous college credit transcripts, AP/IB scores, or International Exam scores) you have earned to the Office of Admission. The deadline to submit all and official transcripts is the last day of the fall 2020 semester.

Entering first-year and transfer students must have AP results sent directly from the College Board to the Emory Office of Admission. Our reporting code is 5187.

Please follow guidance provided by IB/Other exams testing agencies for reporting these scores or transcripts to Emory.

Please note that credits are not always posted immediately and must be entered after you submit your scores. You should continue to check OPUS for an update of your transfer credits, as OPUS is your official record. Contact the Office of Admission with any questions at admission.processing@emory.edu.

Submit your scores early to ensure any prerequisite classes for which you receive credit show up before registration. If you took previous college courses, you will need to submit your Official Transcript(s) to the Office of Admission along with a Request for Approval of previous College Credit Form available on the right.

HOW TO SELECT CREDITS

Students who have more than 12 AP/IB/International test exam credits posted to their Emory transcript are eligible to request swaps to credit and non-credit bearing test courses, or to drop previously earned test credits. Consider selecting test scores for credit if you would like to use for a major/minor requirement or you would like to use for a GER.

Only test credit submitted to the Office of Admission by the appropriate deadline (the end of a student’s first semester at Emory) is covered by this process. While you may not add additional credits to the transcript after the deadline, you may drop or swap credits posted on the transcript until you reach 64 hours.
The Course Atlas will be updated on July 1 with the most up-to-date listing of courses offerings and offering type (online or in-person).

Begin exploring the functionality of the Atlas by visiting atlas.emory.edu.

USING ATLAS

The Course Atlas will be updated on July 1 with the most up-to-date listing of courses offerings and offering type (online or in-person).

Begin exploring the functionality of the Atlas by visiting atlas.emory.edu.

USING OPUS

Question about OPUS? Use the link below to discover helpful resources and tutorials about functions in OPUS including: finding your enrollment appointment, adding classes to your shopping cart, and adding/dropping/swapping classes on your schedule.

YOUR OPUS SHOPPING CART

Shopping Carts in OPUS are similar to an Amazon wish list, but for courses. Students can add as many courses to their shopping cart and easily enroll when the time comes.

First-Year Students Shopping Carts will open on July 13. Starting on this day, students can search for courses in OPUS to add to their shopping cart. We suggest students have many options in their shopping cart in case courses close or fill.
BUILDING YOUR SCHEDULE

Don’t worry if building your schedule feels overwhelming. We’ll cover this and more during Emory Essentials 2 and your Pre-Registration Advising Appointment.

HOW MANY CLASSES SHOULD I TAKE?
Emory College courses range in credits (3-5) depending on how many times the class meets. You will typically enroll in 4-5 academic courses every semester (15-17 credits).

HOW DO I FIND CLASSES?
Most students use the Course Atlas in conjunction with OPUS to start building their schedules. The Atlas is a user-friendly way to see what is offered each semester, it will show you if the course is currently open or how many seats are available. After searching for courses you can then use OPUS to add these to your shopping cart. To start, you should have several of options for the different things you want to fulfill.

1. Some of your schedule will be built for you. Students will start their course enrollment period with 5 credits of courses.
   - PACE 101 (1 Credit)
   - Health 100 (1 Credit)
   - 3 Credit Hour Course that will go toward either your First-Year Seminar (FSEM) or First-Year Writing (FWRT)

2. Now you can start thinking about what you’re interested in studying. Do you have a department in mind? Maybe you want to follow a track? Make sure you have done a little research to see what they recommend to start with. Put those courses (if multiple sections, then multiple sections) in your shopping cart.
   If you don’t know where to start, or don’t have a track in mind, using the General Education Requirements (GER) tags as a guide is wonderful! For each GER: MQR, SNT, HSC and HAP we suggest finding 4-5 options.

   As far as a language goes, decide if you are going to continue with a language from high school, or start something new. In either case, you may need to take a placement exam. That will help you figure out which courses you can put in your shopping cart.

Questions about the Course Registration process? Some frequently asked questions are available on our website.
UNDERSTANDING THE WAITLIST

You may find that some closed courses offer the option of joining a Waitlist. While you shouldn’t rely on this, this may be a great tool when it comes to fine-tuning your schedule. Use these resources to help better understand how to use this resource.

WHAT IS THE WAITLIST?

The waitlist is a function that allows you to add to a queue for a course that is full/closed. Not every class utilizes the waitlist function, but if it is an option, a yellow triangle will appear.

PRO TIP | Limit the number of Waitlist courses so that you are not creating more conflicts, or resolve the conflict BEFORE adding yourself to a Waitlist. Once you decide that you do want to be added to a waitlist, follow the steps to add yourself.

BEFORE you add yourself to a waitlist, consider a few things:

• Is there another section already open?
• Are you already registered for another class at the same time?
• Would you be interested in taking another class at the same time (not yet registered)

HOW DOES THE WAITLIST WORK?

There may be some courses that are at full capacity and require you to put yourself on the waitlist. If any course is listed as a "waitlist", make sure you enroll with the "Swap-If" function. That allows the waitlist to make a change to your schedule if there is a time conflict.

DO I “SWAP TO WAITLIST” OR “ADD TO WAITLIST”?

You are encouraged to use the Swap option if the class that you wish to waitlist has a time conflict with an existing class on your schedule. Please consult the table below.

PRO TIP | Limit the number of Waitlist courses so that you are not creating more conflicts, or resolve the conflict BEFORE adding yourself to a Waitlist. Once you decide that you do want to be added to a waitlist, follow the steps to add yourself.

<table>
<thead>
<tr>
<th>Swap Options: Benefits</th>
<th>Add Options: Restrictions</th>
</tr>
</thead>
<tbody>
<tr>
<td>The waitlisting process will drop you from the existing class if/when the waitlist process schedules you into the waitlisted class—removing the possibility of encountering a time conflict error.</td>
<td>Your wait listed class will never process if a time conflict remains on your schedule. The wait list process will try to enroll you into the wait listed class but will skip down to the next person who doesn’t have a time conflict. You will receive a message stating that you weren’t enrolled in the class due to a time conflict.</td>
</tr>
</tbody>
</table>

Existing class remains on your schedule

1. Until a space becomes available in your wait listed class and the wait list process places you into the desired class.

Options if the wait list process skipped you due to a time conflict:

1. Drop the existing class from your schedule and hope that the wait list process circulates back to you.

2. If you are never placed into the wait listed class your existing class remains on your schedule.

2. Drop yourself from the wait list and use the Swap option to place yourself back on the wait list. You will go to the bottom of the wait list, losing your original position.
The Office for Undergraduate Education offers programs to support student learning. These include mentoring, coaching, and tutoring services for individuals and small groups. In addition, special support is available for students with special needs and those for whom English is an additional language.

**MANY ACADEMIC SUPPORT SERVICES WILL BE AVAILABLE VIRTUALLY IN THE FALL.**

**ACADEMIC COACHES**
Emory undergraduate student peers who are trained to work with students on both an individual level and in larger workshop.

**ACADEMIC FELLOWS**
Emory undergraduate student mentors trained to support incoming international students.

**EPASS PEER TUTORING**
EPASS Peer Tutors work one-on-one with students to help them improve their understanding of course-specific content.

**WRITING CENTER**
Offering discussion- and workshop-based tutorials for individuals and groups to improve writing skills.

**UNDERGRADUATE RESEARCH**
Undergraduate Research Programs (URP) support faculty and students involved in undergraduate research by providing resources for research projects and conference attendance via URP grant support.

**COLLEGE CONNECT HUB**
You’ll use the College Connect Hub to make appointments for Academic Advising and various other academic support programs. You will gain access the College Connect Hub ahead of Pre-Registration Advising.
From visiting the Farmer’s Market on Tuesdays or attending an SPC (Student Programming Council) event to spending time with new friends in the quad, we encourage all first-year students to immerse themselves in Life at Emory.

We know that your undergraduate experience is more than what happens within the walls of the classroom. The following resources provide a brief overview and preview to what you can expect while living at Emory.
Due to physical distancing guidelines, Move-In will look different than it has in the past.

**MOVE-IN INFORMATION**

For those students planning to live on campus, please note that move-in will look different than expected for both students and families. Updates regarding Move-In can be found via the Housing website.

**SHIPPING YOUR BELONGINGS**

Emory Mail Services will provide delivery of student belongings to assigned Residence Halls prior to Move-In.

More information is available on Emory Mail Service’s website.

**ORIENTATION**

Orientation will now consist of virtual real-time sessions and on-demand video content from August 16-18, 2020.

Due to physical distancing guidelines, we have made the difficult decision to transition new student orientation to a virtual format.

Throughout the orientation program, students will complete a short series of videos and modules at their own pace. Students will also have the opportunity to attend real-time sessions, including Orientation small groups and faculty panels.

Orientation programming is designed to be inclusive of all new students, regardless of whether they are living on or off campus.

**PRE-ORIENTATION INFORMATION**

Due to safety guidelines related to COVID-19, Pre-Orientation Programs will not be offered in-person this August. Some Pre-Orientation programs will be hosted virtually, while others are unfortunately canceled.

Please see individual Pre-Orientation pages for program-specific information.
The Offices of Residence Life and Housing Operations work to support student development through residentially-based, experiential learning.

Please refer to the Housing website for the lastest updates regarding living on campus.

PHONE: 404.727.7631 | EMAIL: housing@emory.edu

RESIDENCE LIFE: EXPLAINED
Let’s meet who you will interact with while living on campus.

RESIDENT ADVISOR
Resident Advisors are students employed by the university to develop a safe and welcoming community for students in the residence halls. Resident Advisors serve as liaisons between students and the university and can be a first point of contact when students have questions or concerns as it relates to living on campus or adjusting to college.

SOPHOMORE ADVISOR
Sophomore Advisors are volunteers who live in the residence halls and who assist first-year students in adjusting to college life. Sophomore Advisors are wonderful mentors to first-year students and can answer questions related to academic and social adjustment.

COMPLEX DIRECTOR
Complex Directors are full-time staff members of the university who live in the residence halls and supervise student staff members. These full-time staff members are a great resource and have the education and training to address student needs, concerns related to on-campus living, and the transition to college.

Housing.Emory.EDU
EMORY DINING

Fall 2020 Update: Campus dining will be available and meal plans will be fully supported. To reduce risks for transmission of disease, we will make more dining available outdoors, and students will have more grab & go options.

We are also closely monitoring the supply chain that supports our food service operations to ensure we have sufficient stock on hand to meet student needs as well as those of the larger campus community.

Food service workers will have specialized training and will comply with all health and hygiene requirements on campus. Additionally, food service workers will have access to enhanced hygiene gear and any specialized personal protective equipment when warranted.

Emory campus dining remains committed to providing a full complement of dining choices and locations for the upcoming academic year.

Meal Plan Selection: July 21
Emory Dining will be provided expanded dining plan options and students will re-select their dining plan via the MyHousing (myhousing.emory.edu) portal. More information will be emailed in July.

Review Comprehensive Dining Updates
Dining updates are included in the Campus Life Re-Opening Resource webpage.

CAMPUSLIFE.EMORY.EDU/REOPEN/
EXPLORING ATLANTA

A progressive, global city, Atlanta is the business, technology, entertainment, and health care center of the Southeast, giving you many ways to gain experience and have fun. Atlanta's vitality comes from its varied neighborhoods—each with its own vibe and sensibilities.

There’s a youthful spirit in Atlanta and so much to do, you’ll find yourself wondering if you’ll have time to do it all before you graduate. Don't worry, we've provided some must-sees to place at the top of your list.

The Atlanta BeltLine, a loop of trails and parks that will eventually connect 45 of the city's neighborhoods. It's a great place to walk, skate, bike, or run in the city and enjoy local restaurants along the way, too.

Any one of our five professional sports teams—men's and women's basketball, football, baseball, and now Atlanta United soccer, the hottest ticket in town.

The National Center for Civil and Human Rights, founded by an Emory alum, recognizes Atlanta's civil rights history and the city that is the birthplace of Martin Luther King, whose childhood home is part of the Martin Luther King Jr. National Historic Park.

Woodruff Arts Center is the centerpiece of Atlanta's professional arts community and houses the Tony Award–winning Alliance regional theater, the Atlanta Symphony, and the High Museum of Art.

We will continue to update these resources to include virtual opportunities to include virtual opportunities to explore the city.

ATLANTA CITY PARKS

With over 3,000 acres of parkland, there is plenty of beauty to explore outdoors.

ATLANTA NEIGHBORHOODS

Learn more about the distinct characteristics of some of Atlanta's most notable neighborhoods.

PUBLIC TRANSPORTATION

Students can take advantage of the MARTA system to make their way around the city.

50 THINGS TO DO

Download the 50 Things to Do in Atlanta brochure, full of special Atlanta landmarks and must-see spots, including the Beltline!
POLICIES, EXPECTATIONS, AND SAFETY

STUDENT CONDUCT AND THE CODE

The Office of Student Conduct is responsible for upholding the integrity and purpose of the university through the fair and consistent application of policies and procedures to undergraduate student behavior. In this way, the office helps to ensure that our community respects the dignity of every individual and the right of all persons to reach their highest potential.

Education is the foremost goal of the Undergraduate Code of Conduct; it is not intended primarily as a punitive process or substitute for the law. Instead, the code supports a safe learning environment that promotes a climate of mutual respect, fosters open dialogue, encourages learning and understanding, cultivates individual well-being and development, and nurtures ethical decision-making in the lives of Emory’s undergraduate students.

SEXUAL MISCONDUCT AND HARASSMENT: TITLE IX

Title IX is the federal law that requires colleges and universities to address sexual harassment and sexual misconduct. Emory strives to be a community free of sexual misconduct by promoting respect and responsibility, providing education, and working with students, faculty, and staff to cultivate a safe and supportive environment for all.

The Title IX Coordinator for Students ensures that Emory is protecting your right to gender-based equal opportunity on our campus. The university takes all complaints and accusations of sexual misconduct seriously. Learn more about the policies and your rights online.
POLICIES, EXPECTATIONS, AND SAFETY

CREATING A SAFE COMMUNITY FOR ALL

RESPECT PROGRAM

The Respect Program provides confidential crisis support for individuals impacted by sexual and relationship violence.

The program connects students with resources on and off campus, as well as providing trauma-informed training for survivor support.

RESPECT.EMORY.EDU

OPEN EXPRESSION

Emory University is affirmatively committed to the promotion and protection of open expression for all Emory community members. Our Respect for Open Expression Policy preserves free and open expression of thoughts, ideas, beliefs, dissent, and protest through inquiry, speech, and assembly.

The University Senate Committee for Open Expression – a working group of faculty, staff, and students – helps dissenters conduct their protests as valued and respected members of our Emory community and in a fashion that safeguards the rights of other community members.

LEARN MORE ABOUT OPEN EXPRESSION

BIAS INCIDENT REPORTING TEAM

Emory University encourages any member of the campus community who witnesses or experiences bias to report the incident. Our Bias Incident Reporting Team (BIRT) can help document incidents and meet with impacted students to facilitate counseling, health services, or other referrals, as needed. When appropriate, BIRT can also develop plans to initiate communication with the broader community.

LEARN MORE ABOUT BIAS REPORTING

DOWNLOAD THE LIVESAFE APP

Make sure you are safe and stay informed for any emergencies that may take place on campus.

DOWNLOAD NOW
Positive and holistic student well-being is multifaceted and contributes to academic and personal success. Students can enhance their personal and community wellness through engagement with a variety of programs and services.

**HEALTH INSURANCE**

Emory University requires all degree-seeking and all international students either have health insurance or purchase the University-sponsored plan. In order to meet this requirement, you must choose to enroll in the Emory Student Health Insurance Plan or successfully complete the waiver process on-line. If you decide to enroll in the Emory student plan, you will be charged via Student Financial Services. Read more information about the Emory student health insurance requirement here.

**STUDENT HEALTH SERVICES**

Emory University Student Health Services (EUSHS), located at 1525 Clifton Road, is the primary outpatient healthcare facility for enrolled Emory students. EUSHS professional services are covered by student fees and tuition and students do not need to utilize the Emory Student Insurance Plan to come to EUSHS. There are fees-for-service for lab tests, medications, vaccines and procedures. The Student Health team is comprised of many types of healthcare professionals to meet the needs of our student population including: primary care physicians, psychiatrists, physician assistants, nurse practitioners, nurses, registered dietitians, an alcohol and other drug counselor, and a licensed clinical social worker.

**IMMUNIZATION REQUIREMENT**

For the health and safety of individual students and the Emory community, Emory University requires all students to meet the Immunization Requirement prior to the start of Fall Semester classes.

Please carefully review the Immunization Requirements for new students on the Student Health Services website, as well as find out how to complete your immunization form. Please note that this form will have to be verified by your healthcare provider!

[STUDENTHEALTH.EMORY.EDU](http://STUDENTHEALTH.EMORY.EDU)
HEALTH AND WELLNESS

COUNSELING AND PSYCHOLOGICAL SERVICES (CAPS)

Counseling and Psychological Services (CAPS) provides confidential, culturally-sensitive mental health services such as brief individual and couples therapy, group therapy, crisis intervention, and referrals to specialized or long-term care in the local community.

In addition, CAPS offers stress management and biofeedback classes, a variety of educational workshops and outreach programs, and consultation for faculty, staff, and students.

OFFICE OF HEALTH PROMOTION

The Office of Health Promotion (OHP) implements initiatives to create a healthy campus where students embrace health and wellness as a necessary contributor to their success at Emory University and beyond.

To this end, OHP engages the entire Emory community to reduce high-risk alcohol use and misuse; reduce drug use, misuse, and abuse; increase positive and protective sexual behaviors; strengthen mental wellbeing; and improve physical health. OHP is committed to building the capacity for students to live well, be well and do well.

RECREATION AND WELLNESS

Emory Recreation and Wellness seeks to provide spaces and experiences at Emory that encourage play as a means to become and stay well. Recreation and Wellness provides both academic and recreational programs that include physical activity, which contribute to the physical, mental, and emotional health of participants and which helps students build skills to ensure long-term healthy behaviors.

Check out fitness classes, intramurals, club sports, recreation facilities, and an academic curriculum (Play 4 Life) through Recreation and Wellness at Emory!

PLAY.EMORY.EDU
ACCESSIBILITY SERVICES

The Department of Accessibility Services (DAS) is committed to advancing an accessible and “barrier-free” environment for students, faculty, staff, patients, guests and visitors by ensuring that the principles of access, equity, inclusion and learning are realized in and by the Emory community.

Qualified students, faculty, and staff must register with our office and make a request for services. Confidentiality is honored and maintained.

Reach out to DAS today. Requests that are received prior to the start of the semester or term will allow DAS to adequately coordinate services and provide instructors with reasonable notice. The Department of Accessibility Services (DAS) website is a great resource to get started with accommodations, and has specific information for incoming students.

PHONE: 404-727-9877  TTD: 404-712-2049  EMAIL: accessibility@emory.edu

More FAQs and information regarding accommodations are available on the DAS Website linked to the left.
It is our hope that you embrace life at Emory with open arms, and take advantage of every opportunity to find your place on campus.

The following resources are meant to help you find ways to be involved in the community that are designed to enhance and enrich your experience as an Emory student.
WELL-BEING AND STUDENT SUCCESS

CENTER FOR STUDENT SUCCESS PROGRAMS AND SERVICES

The Center for Student Success Programs and Services assists students and their families on an ongoing basis and in times of crisis – including but not limited to meeting academic, medical, financial, and social challenges, as well as providing assistance to assault survivors.

The Center for Student Success Programs and Services helps to foster a caring campus community that nurtures student self-discovery through academic and personal growth.

RESOURCES FOR STUDENT VETERANS

At Emory University, Veterans and their families are a valued and vital part of our community. Emory is committed to investing in Veterans as students, caring for Veterans in the greater Atlanta metropolitan region and beyond, and training current and future healthcare providers to provide the very best in specialized care.

Resources are available to help support Emory Veterans. For a complete list of services, please visit the website listed below provided by Emory Campus Life.

OFFICE OF SUSTAINABILITY

From the copy room to the operating room, from the classroom to the residence hall, the Emory Office of Sustainability Initiatives (OSI) guides the efforts to meet the challenges of sustainability across all of Emory’s institutions. Emory OSI carries out this imperative by helping to restore the global ecosystem, fostering healthy living and reducing the University’s impact on the local environment.

The vision of the Office of Sustainability for Emory is to be a model of transformative practices and sustainable choices at every level. Learn more about their efforts across campus by visiting their website.

GETTING INVOLVED

Emory Campus Life can serve as a resource as you begin developing your home away from home. Below are several offices within Campus Life that can help as you consider meeting new people, joining a student organization, or engaging in local and national communities.

<table>
<thead>
<tr>
<th>I WANT TO ...</th>
<th>... WHERE TO GO</th>
</tr>
</thead>
<tbody>
<tr>
<td>Join a Student Organization.</td>
<td>Student Involvement, Leadership, and Transitions (SILT) lead.emory.edu</td>
</tr>
<tr>
<td>Volunteer and Serve the Community.</td>
<td>Civic and Community Engagement community.emory.edu</td>
</tr>
<tr>
<td>Join debate and serve the community.</td>
<td>The Barkley Forum for Debate, Deliberation, and Dialogue barkleyforum.emory.edu</td>
</tr>
<tr>
<td>Join a Greek-letter organization.</td>
<td>Office of Sorority and Fraternity Life osfl.emory.edu</td>
</tr>
</tbody>
</table>

WHERE TO START

We encourage students to engage as much as possible within the classroom but also beyond. A great way to jumpstart your involvement is by joining one of Emory’s student organizations. Emory has over 500 unique and individual organizations that address almost any interest you may have. Start slow by joining one or two things as you learn how to balance your new, college schedule.

1. LOG-IN TO ENGAGE

Engage is an online platform that facilitates campus engagement. It allows you to search for student groups, locate events, and connect with specific organizations. You will use your Emory NetID and password to log on.

VIRTUAL OPTIONS TO CONNECT

More informations on how to virtually connect to student organizations and groups will be available throughout the Summer.

ABOVE ALL, BE PATIENT...

With all the opportunities, some students find a community quickly; others take longer. Don’t get discouraged; many current students will tell you it took time to find the right place for them. We encourage you to utilize the Student Involvement, Leadership, and Transitions (SILT) office for additional support to get involved.
COMMUNITY BELONGING

Getting involved and finding a sense of belonging on campus can be more than just joining a club or student organization.

During your time here, we are confident you will find a community in which you feel welcome to express yourself and your identities. Emory Campus Life is committed to social justice and advocating for student needs. The following offices at Emory support specific identities and educate the campus community on issues of social justice, diversity, and inclusion.

BUILD COMMUNITY AND DEFINE SAFE SPACES.

| Racial and Cultural Engagement         | race.emory.edu |
| Lesbian/Gay/Bisexual/Transgender (LGBT) Life | lgbt.emory.edu |
| Center for Women                      | womenscenter.emory.edu |
| Spiritual and Religious Life          | religiouslife.emory.edu |

LEARN AND BECOME AN AGENT FOR SOCIAL CHANGE

| Social Justice Education               | socialjustice.emory.edu |

CAMPUS LIFE INITIATIVES AND PROGRAMS

Emory Campus Life prides itself on cultivating meaningful relationships that can transform our community. From providing spaces like Centro Latinx and the Black Student Union to initiatives focused on civil responsibility, Emory Campus Life works to provide support to all students.

Emory Campus Life (ECL), a community recognized internationally for advancing education into action and delivering world-class programs and services, promotes a healthy and sustainable environment where students live what they learn and learn what they live for self and society.

ECL catalyzes a distinctive, caring, inquiry-driven, ethically engaged, polycultural, and socially just community of students, faculty, staff, alumni, families, and visitors who imagine and lead positive transformation in the world.

CAMPUSLIFE.EMORY.EDU
EMORY TRADITIONS

FAVORITE TRADITIONS

Emory Athletics boasts 18 varsity sports teams, which compete in NCAA Division III. Earning more than 24 national Division III Championships, Emory Athletics has a rich tradition of excellence. Make sure to cheer on your friends and peers in the fall and spring.

Dooley's Week celebrates the university's unofficial skeleton mascot and Lord of Misrule, Dooley. You can look forward to entertaining activities, including performances, films, food, photo opportunities and more — culminating with the Dooley's Ball concert.

Wonderful Wednesdays pays homage to the fact Emory historically held no classes on Wednesdays; that's no longer true, but the day remains special. These days, Wonderful Wednesdays encourage school spirit by inviting the entire Emory community to gather at Asbury Circle on Wednesday afternoons. Wednesdays are truly wonderful at Emory!

MOTTO

Cor Prudentis Possidebit Scientiam
“The Wise Heart Seeks Knowledge”

MISSION

Emory University's mission is to create, preserve, teach, and apply knowledge in the service of humanity.

ALMA MATER

In the heart of Dear Old Emory...

Where the sun doth shine,
That is where our hearts are turning
‘Round old Emory’s shrine.

We will ever sing thy praises,
Sons and daughters true.
Hail we now our Alma Mater,
Hail the Gold and Blue!

... Hail the Gold and Blue!
