

Reunions are more successful if more classmates come back – that is why we need a great group of volunteers who are willing to help create a buzz leading up to the party, connect with your class, and serve as an Emory champion, wherever you may live.

All members of the Emory College and Goizueta/BBA **classes of 1976, 1986, 1996, 2001, 2006, 2016, and 2021** are invited to come back to campus to reconnect and reminisce with each other and the university the evening of **Friday, October 23 for an ultimate Emory party- open to all alumni- as part of [Homecoming Weekend, October 23-25, 2026](#).**

Members of Reunion Host Committees are expected to:

- Attend the party for free
- Contact classmates and post on social media to generate excitement (communications toolkit provided)
- Attend virtual meetings and be the first to take a behind-the-scenes look at Homecoming Weekend and elements specific to the party (recordings will be provided)
- Provide suggestions on programming that may be of interest
- Lend your name as a signer to let your classmates know you'll be there
- Inform and encourage classmates with ways to [celebrate your reunion all year long](#) by serving as an Emory champion wherever you and they may live.

Ready to commit or still need more information? [Submit an interest form to get involved or learn more.](#)
